

A Christ-centered mission, Epworth provides services to assist children, youth and families in crisis. We serve those children, youth and families who feel left out, powerless and weary. We help strengthen families in order to prevent abuse and neglect whenever possible. We work to help reduce the stress and trauma that can result in children and youth adopting risky behaviors that may cause separation from their family and have a lasting negative effect on their lives.

Epworth Family Resources is proud to be a National Mission Institute of United Women in Faith, formerly United Methodist Women, and affiliated with the United Methodist Church.

Mission Statement

To provide comprehensive family centered resources that bring hope and healing to children, youth and families across Nebraska in a compassionate and caring manner.

Vision Statement

A world where families have a clear pathway to the resources they truly need to lead healthier, more hopeful lives.

Little Jewels Child Care and Enrichment Center

The Center provides care for children 6 weeks to 5 years old. Our individualized approach to learning allows young children to explore their curiosities and interests through our Creative Curriculum, focusing on STEM subjects, along with social, emotional, cognitive, and physical development.

Our mission is to provide early education through an experiential approach, that focuses on meeting the individual needs of all children in an inspiring and evoking environment.

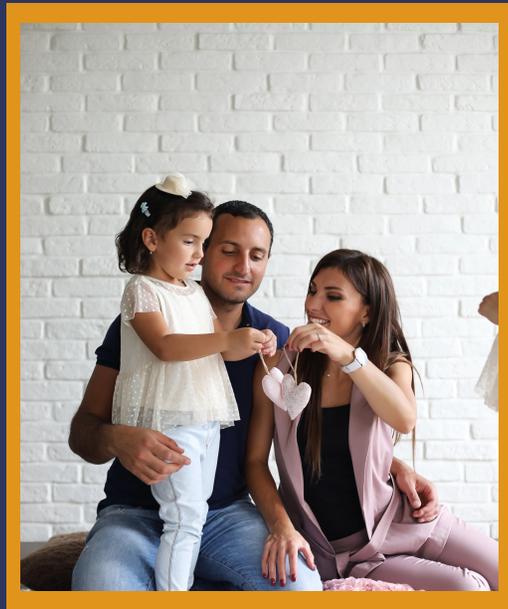

"Grow in the grace and knowledge of our Lord and Savior Jesus Christ." - II Peter 3:18

In-Home Family Services

Working with children, youth, and families, is at the core of In-Home Family Services compassionate family-centered services.

We help families by providing direct assistance and coordination of community resources so the challenges the family is facing are addressed quickly and effectively. We help the family work towards remaining a family unit and/or meet the goals of reunification in a healthy and safe environment.

In-Home Family Services works with families whose children or youth are in imminent risk of out-of-home placement or who are at the point of coming back into their homes to reunite with their families.

Foster Care Services

Epworth Family Resources develops and supports families to become foster families in the best family-like environment.

Foster Care Services support traditional, relative, and kinship foster homes that provide out-of-home placement for youth ages 0-19.

We provide a family a supportive environment that helps reduce the trauma of separation from a youth's own family.

Epworth foster parents teach, provide consistency and collaboration in a loving environment where children will begin to grow and thrive.
